

SBS PUBLIC SCHOOL, SURJITPURA

Annual Report

2022-23

A great saying goes so “Real Education fetches you more than a job. It teaches you to live. It cannot be measured in any tangible way” It is an enduring tradition to take time to pause, turn around to look at the fruitful year gone by, achieving both the expected and the unexpected, while setting various milestones and then synergizing ourselves to move ahead to face the challenges in the coming year, with a positive attitude. We thank the Almighty God for all the blessings bestowed upon us year after year.

SBS has been stepping from success to success all through the years since its humble beginning in 2016 and the past year has been no exception. We have done excellently in academics and non-academic areas. At this juncture, I wish to put on record my sincere gratitude to the management, staff and students for your kind support and guidance.

With great pleasure, I present in a nutshell the highlights of the past academic year 2022-23 as follows:

Re-opening :

The staff along with the management welcomed the students and their parents. A mesmerizing re-opening ceremony was organized with Sukhmani sahib path.

Academic Excellence:

“Excellence in academics is the hallmark of any good institution”.

The system of education in SBS as you all know is a blend of theory and practice in the right proportion to arrive at a comprehensive curriculum. Our students have shown an excellent performance and secured centum results in X and XII board exams 2023.

Teacher Enhancement Programs :

“It’s the teacher that makes the change, not the mere classroom”.

We believe in equipping teachers to prepare the students for the future and to update their knowledge. So the school arranges a teacher orientation program every year .

Regular staff meetings are conducted to evaluate our quality of performance and plan for the future with more innovative methods of teaching and learning programs.

Examinations :

Periodical assessments and evaluations are conducted for the students and their progress are informed to the parents frequently. Subject enrichment activities are done by the students and teachers evaluate these as the internal assessment.

Remedial Teaching :

Remedial classes for the academically backward students are held after the regular class hours to bring them up at par with the rest of the class.

Student Organization:

Student organization is the most important thing in a student's life. It has many advantages like it helps to improve communication skills, learn to manage time effectively and also make new friends. In SBS we have student organization which is essential for students who want to achieve their goals in life.

A student helps students to grow up as responsible citizens of their country by providing them with opportunities to interact with people from different backgrounds and cultures. It also helps them learn how to manage time efficiently and effectively so they can complete their assignments on time without difficulty.

Co-curricular Activities and Celebrations:

SBS not only focuses upon the intellectual development of our future generation, but also takes care of their emotional, physico-cultural and behavioral development in their early ages of development by inculcating sound moral values, responsibility, self-reliance and social awareness. We are doing it through different co-curricular activities and school celebrations.

Career Guidance and Counseling:

Experts from counselling institutes provide the necessary support for our students. They help the students to the challenges of life. Career guidance is organized for the students at the personal and professional level to choose the right career which is most important for their future.

Parent-Teacher Association :

We have a strong support of our parents which we cherish every year. Also days are set apart for parent teacher interaction in which parents are called class wise to meet the teachers.

At the End:

“What sculpture is to a block of marble, education is to a human being” _ J. Anderson.
Education is the ability to meet life's situations.

Once again we thank all our stakeholders for your support and cooperation.

The strenuous effort of the teachers has been bountifully blessed and we are thankful to them for the same. To cap it all, I thank the Almighty for His continuous protection over us each and every moment of the day and all through the year.

Thank you.
