

Message from Chairman

SBS Public School, Surjitpura has fulfilled its commitment by empowering every child who has entered its portals with courage of conviction and strength of character to tide over the trials and tribulations of life. It is also a matter of great joy for me to see that at the same time the school is keeping pace with the rest of world. Our students have been taught to strike the right balance between tradition and modernization. SBS Public School will continue to impart knowledge with virtue and moral excellence, therefore, instilling in each of its students the values of life. If we succeed in inculcating in them the internal values of trust, honesty, service before self, our mission will be fulfilled. In the last 6 years school has shown tremendous progress. I dedicate this success to the hard work and undying support of our staff and students.

Today it is dedicated to the twin tasks of interpreting the age old yet ageless message of our country of integration of our varied and vibrant culture with the changing needs of the present day world. School endeavours to help each child discover and develop one's innate talents and abilities. Conscious effort is made to foster pride and love for the country and its great heritage and tradition of tolerance epitomized in the noble phrase. We believe in keeping one step at a time but very firmly to make sure that it takes us to the next step on the ladder of success. Last but not the least I wish the staff and the students' success in all their future endeavours and traverse the greater heights of academic excellence and holistic growth.

Chairman

Mr. Bhupinder Singh

Message from Senior Member

SBS Public School is an edifice of faith. This envisions an education system that is based on inspiration and innovation that kindles the dormant talents of its students. The students at SBS learn to have a deep regard for Indian traditions and culture, appreciate diverse faiths and beliefs and celebrate all major festivals with equal fervor.

SBS strives to instill in all its students strong leadership qualities, a sense of team work, fair play and a desire to excel, along with concern for the less fortunate, through community service. Our goal at SBS is to provide an enriching, engaging and challenging curriculum that will prepare students for success while at SBS and for the years that follow.

Students at SBS, therefore, grow to become mature and responsible global citizens. SBS endeavours to provide the best infrastructural facilities and all the prerequisites of a memorable, enjoyable, healthy and a wonderful school life: spacious well ventilated classrooms, well stocked Library and open playground. I sincerely hope that SBS School will provide happiness and fulfillment for generations to come and beautifully shape lives of its students year after year. Besides rigorous scholastic programmes, we seek to develop and nurture the different facets of a child. The school encourages all students to participate in a variety of co-curricular activities from dance, art and drama to a variety of sports to social work to environmental conservation activities.

It is important for a child to explore and find their strengths in order to reach their true potential. Whether a child is an introvert or extrovert personality, the aim is to nurture the child into self-confident individual.

As a school we think about how to engage students and hold their attention. If a lesson is to be productive, how do we make sure the students actually absorb the topic? With this constant question in our mind we continuously upgrade our teaching tools and techniques as well as our academic programmes. In a technology prevalent world today, we appeal to young minds by incorporating smart boards, tablets computers and mobile devices into the teaching-learning process. Our mission is to continue to do what we have always done.; develop this school and the students with integrity and values; also to give our students the best opportunities and the best all-round education. Our vision is to produce conscientious, smart and confident citizens of India who will go out into the world and make us proud!

Message from Secretary

Every Institution has its own motto to give it a special identity. The motto of SBS Public School, Inscribed within a shield is "Virtue and knowledge. The students are taught that what makes them noble is not only education or the colour of the skin, or the race to which they belong but CHARACTER , which is formed by the practice of certain virtues which is a long process. Our motto "Spread the Light" is at heart of everything we do at the school. We aim to not just impart knowledge to the students but also to inculcate in them- wisdom, compassion and a humanitarian spirit. We have a multi-cultural student population hence we teach children the importance of tolerance and respecting each other's culture. Discipline, value and integrity are the very foundation of this school. Knowledge is justified true. Belief in a proposition is justified if it is developed thought a process that reliably yields truth. It is appropriately caused by the fact, is true and it would generally not be held if were false. The student of SBS Public School are taught to always "Look up", i.e. to look up to god for help, strength and reassurance thought toil, trails, temptations and troubles. "Lift up" means that every SBSIAN, be it students or teacher, have to set for themselves high standards, goal and aspirations in every sphere of life. We have named our school after a valley where we can find the alpine trees which are very high. So to reach at the peak, we need to go through the valley then Arise, Awake and stop not till the goal is achieved" is the mission of our school as we at SBS try to inculcate good moral values and teaching of Shree Guru Nanak Dev and Swami Vivekanand in our students. These are the teachings which we keep telling our children to develop. The feeling of brotherhood is above all religions and boundaries of countries

Mr.Sudagar Singh

Secretary

Message from Principal

Deem it a great pleasure to greet you all. May this session bring in the desired fruits to each one of you. SBS PUBLIC SCHOOL, SURJITPURA aspires all the students to succeed in their lives. It offers a wide horizon of learning activities, fun play experiences, challenging opportunities, athletics programmes, personality development programmes, performing arts and musical programmes with various clubs to bring out the best in each child. Academic excellence with character and personality development is our ultimate goal the academic work is centered on highly personalized attention and supervision. To achieve the goal, parents need to devote quality time with their wards. As parents, we expect you to develop a close and constructive rapport with the school and the teachers in order to smoothen the ups and downs in the child's development. Let us all together contribute significantly to the dynamic development of the child enrich him with learning experiences. I take this opportunity to acknowledge the endeavors and intense hard work of our dedicated staff and faculty by working round the clock to orient our SBSPUBLIC SCHOOL, SURJITPURA towards the zenith of unprecedented success.

With Warm Wishes

Mrs. Kamaljit Kaur

Message from Vice-Principal

SBSPublic School is a dream school! It is trying to translate a dream and an ideal into reality. The dream is of a resurgent India, which can bring back the glory of ancient India, where material, intellectual and spiritual advancement went hand-in-hand. The India of Buddha and Shankaracharya, Vardhamana and Guru Nanak. The India of Askoka, Chanakya, Vivekananda and Mahatma Gandhi. But where are we now? We are a nation of 850 million struggling for existence. Many are very pessimistic about a revival for India. I beg to differ from them! India can have a glorious future if only we find out all that is good in our past and put into practice at least one idea of any one of those eminent men of ours. SBSPublic School has already achieved high standards in academics and we are proud of it and are thankful to God Almighty. We are aiming at much more to achieve – totality of all round education. We realize India's future is being moulded in India's classrooms. And we are trying to create excellence in our classrooms. Every boy and girl has to show his or her excellence in the classrooms, activity rooms or play grounds. For this we offer a lot of curricular activities. Every year we add more facilities. Perhaps one of the most important aspects at SBSPublic School's is its value orientation! Some of the emphasis here is not in the curriculum of any board or university. We teach the value of respecting the elders through the motto "Mata, Pitha, Guru, Daivam" or Martha Pitha Guru Ishwar". In sanskrit "MathruDevoBhava, PitruDevoBhava, Guru DevoBhava". We teach the "May I help you?" attitude or "What can I do for you?" attitude in life. We do take a lot of care to inject and instill virtues. With these qualities, in them and the latest educational technology at hand, in computers or any branch of science they study, we are sure our children can excel anywhere in the world. We expect our children to "Spread the Light", which is our motto. The Indian Prayer "Thamaso Ma Jyotirgamaya" may be interpreted to mean the same. We are pledged to produce the best out-going students among Mansa Schools. We want them to excel in whichever vocation they choose and to become truly useful citizens and good human beings. We want some of them to take leading roles in the country to bring back its ancient glory.

With warm Wishes

Dr. Sanjay Kumar
Vice Principal

SBS Public School, Surjitpura

About School:

We, at SBS Public School are endeavoring to impart Quality Education which is a rare blend of Indian culture and modern techniques. Our ever last time commitment to the cause of education and the goal of life assures to bring out the best in your child, helping him to grow with the best facilities in the best environment. The main focus is to create citizens of high morals, strong character and pleasing personality. We strive to make each and every child a responsible citizen with upright concern and righteous principles. We enable the children to face the cut throat competition day-today world. Thus, we strive to channelize the potential of the students in the most appropriate direction by giving them proper guidance along with quality education.

Establishment:-

Situated in the District of Barnala, SBS Public School, Surjitpura has a standing of 6 years. It was established under auspicious of Mr. Bhupinder Singh (President) and Mrs. Veerpal Kaur (M.D.). now it is one of leading institution of District Barnala. The school campus extends over 2 acres of land and it imparts education from Nursery to XII having all facilities demanded in Modern time.

Infrastructure:

The School wears a new countenance with its infrastructure carrying all modern amenities which a good public school must have. A grand two storey building, a basement with spacious class rooms, a well-stocked Library, a well-equipped Science Lab, and Computer Labs with multimedia computers, Smart class, stage for extra activities and well maintained playground and grassy lawns. Latest Audio Visual teaching aids for "Tiny Tots" special playgrounds with swings for Nursery Kids to provide them homely atmosphere. The campus provides a very congenial atmosphere to the builders of the "Future India". The school provides "Transport Facility" to the student of the school.

General Information

Academic:-

In case of accidents injury or illness at school, children are treated with first aid and every effort is made to contact the parents for instruction. As such it is very important that change in telephone number and addresses be reported to school promptly. In the event that parents cannot be reached, we will try to contact a doctor on call or if condition be of not to delay, children may be hospitalized if school convinces.

Arrival at school:-

The SBS campus opens half an hour before the commencement of School. So no child is allowed in school before it.

Attendance:-We ask for your cooperation in seeing that your child attends the school each day. Any absence from school processes a hardship on the student and hinders learning. By law, an absence may be excused for following reasons:-

Illness

Doctor' appointment

Death in family

Four leaves are also entitled to a child for attending close one's marriage or any other situation ceremonies in a year. If your child is absent from school for any reason, please send his leave application on same day or on your child's return. Absence from school for four regular days or more for un-excused reasons will result in child being declared legally truant from school. Truant students if wish to re-admission in school right will be reserved with Principal and have to pay readmission fee of Rs. 1000/- If your child is absent, you may request for his/her homework. Please contact the school office (Reception) by 9:30 a.m. and allow the teacher until the end of school day to compile the work

Behavior Standards:-

All students at SBS Public School are expected to behave well in all manner at all times with their school mates, teachers and all school members. Behavior that is inappropriate the school setting, will not be tolerated. You will be notified if your child exhibits unacceptable behavior; school reserves all the rights to even expel a Child on moral ground.

Communication, parental cooperation and a school staff are the keys to solving many behavioral problems. A copy of school rules has been included at the end of this handbook.

Please take time to review these guidelines and re-enforce them with your child.

General Information

Conferences:-

Good communication between parents and teachers is important part of your Childs education. For keeping n view the importance of this, school organize quarterly parent teacher conference and you are advised to spare time for this to receive and transfer all about your child. If any time you feel utmost need to communicate with teacher and unable to wait for PTC, please call to school reception. The teachers will contact you to set up date and time for conference. Please do not go to class room to have a “pop-in” conference with teachers. Teachers are seldom able to remove their attention from the class in order to have conference during class time of dismissal, so that we may sure that only authorized persons are on the school grounds.

Birthday's:

Each teacher acknowledge students birthday generally during their period, although parties tire not held. Please check with the class teacher before you bring treats or other birth items. We try to avoid interruptions, to the class room routine that distract from learning.

Classroom Standards:-

All students must be seated in classroom in orderly manner: Rules of courtesy to teacher and fellow class mates shall be followed at all times. Students shall meet each teacher's standards concerning class procedures, such as sharpening pencils, getting needed materials staying in seat etc. Students should be responsible for keeping class room and their area neat and picked up. Students should behave in a manner that does not disrupt the rights of other students during any activity.

Communication with students/ teachers:-

Please make every attempt to communicate your children concerning appointments and other situation before the school day begins. Getting a message to a student in his class room can be difficult and potentially interrupts the teaching and learning for all students. If any time you need to talk to ward's teacher please send a message in student's diary.

Communication through phone is not allowed during school hour to avoid interruption in teachers assignment. Please send a note with your ward to explain any change in his regular routine (like change in an route etc.) Prior planning eliminates the need for all call intercom interruptions and students phone calls. Your cooperation will help us to focus only instruction and is greatly appreciated. Students are not allowed to carry or use cell phones.

General Information

Sports Programmes:-

Sports are the integral part of our school curriculum and each child 1st onward has to select at least one game. For this parents-have to provide the information to class in charge which class in charge will transfer to sports in charge, of school, Physical instructors or sports coach will train the students throughout the year in the time provided by school for the same and finally prepare the year in the time provided by school fir the same and prepare the students for zonal inter school and state level competition if a child ins selected in school team, coach will inform about it to parents or guardians and whatever expenses will be related to dress, entry fee and boarding and lodging for it that must has to be bearded by parents. Before any tournament No Objection Certificate is sent by the school to parents, Parents must have to sign it.

Home Work:-

Homework a valuable opportunity for teachers to meet the individual needs of your child and also offer your child to inculcate a habit to keep himself engage in his mission even after the stipulated time to achieve more than our expectations. As a parent you can:

1. Provide, a regular study time for homework given.
2. Provide a quiet place for study.
3. Give help and encouragement when needed minimize the interruption from family, friend and television set.

Visiting the Campus:-

You are always welcome to visit our campus and know about your child. But you will be allowed to meet only vice-principal and if you wish to meet any subject teacher of your ward either you have to fix the appointment through phone call at school reception well in advance or have to wait for parent-teacher-meeting. During any emergency you may get appointment personally at school reception to meet vice-principal.

No Parents ' Guardians are allowed to visit class of their ward except permission of vice-principal.

Visitor Parking:- If you visit into office or in campus, please park your vehicle in the designated parking area outside the School Campus. Vehicle inside the campus are not allowed due to security/safety purpose of your child. Our goal is to provide the safest possible environment for your child's learning. Please help as to do that by obeying the traffic guidelines.

School Aims and Objectives

School Aims :-

- We will offer a broad and balanced curriculum which evolves to reflect the needs of pupils and the demands of modern society. We aim to produce an environment that encourages each pupil to develop qualities of self-discipline, organization, motivation and the enjoyment of working hard that makes them confident and competent members of society.
- We will continue to develop the positive ethos and learning culture throughout the school community with a commitment to continual improvement and meeting the very highest expectations.
- We will continue to encourage a strong and effective partnership with parents and the local community.
- We will continue to develop the literacy, creativity and communication skills so necessary for pupils to access the curriculum and take a full part in society.
- We will take every opportunity to reward pupils and enhance their self-esteem whilst supporting one another in demanding the highest academic and social standards.
- We will offer a board and balanced curriculum which evolves to reflect the needs of pupils and the demands of modern society.

School Objectives:-

- Self-esteem and a feeling of self-worth.
- A healthy lifestyle and physical and mental well-being.
- Care and respect for people and the environment in a context of social, moral, multi-cultural and spiritual awareness.
- The ability to work as part of a team, developing sensitivity to other people's needs and points of view.
- A responsibility for their own learning and actions.
- An awareness of the modern world, and an environmental and aesthetic appreciation of it.
- The ability and confidence to communicate effectively. This includes development of the key skills of literacy and numeracy.
- A sound scientific and technological understanding.
- The ability to understand and Analyse information.
- The ability to apply knowledge and skills to solve problems.
- A creative and enquiring mind committed to life-long learning.
